

Utah Stem Cells
Joint Treatment & Wellness Center

GROWTH99

Customer Story Utah Stem Cells

Live life to the fullest - Utah Stem Cells is an amazing wellness center that offers state-of-the-art regenerative orthopaedic medicine treatments. With a myriad of services, Utah Stem Cells allows patients to live the life they deserve.

The center's main focus, stem cell technology treatments, addresses several problems. Stem cell joint regeneration not only directly help in eliminating all sorts of pain - the long term effects of these treatments help transform individuals into their ideal selves.

The Utah Stem Cells clinic also has an amazing medspa and laser center. From facelifts to cellulite treatments, this clinic surely can provide excellent results for anyone.

Challenge

The problem was that Utah Stem Cells actually had trouble reaching out to potential clients that needed their help. As much as they would have wanted it, the clinic had trouble in making their mark online. One particular issue that didn't help their online presence was their slow website. With a sluggish user interface, clients didn't give them the attention the clinic needed to offer their services.

Also, Utah Stem Cells had trouble ramping their search engine presence. It was truly a pity, considering that this clinic could have given more for patients!

Solution

Growth99 gave Utah Stem Cells the online presence and advantage that they truly needed in reaching out to quality leads. By improving the clinic's site, a cleaner yet more informative web presence has been made. Additionally, the new Utah Stem Cells site is now backed with state-of-the-art servers to both help in site traffic and customer bookings.

SEO has been improved as well, allowing the site to rank. Because of the platform provided by Growth99, Utah Stem Cells now enjoys a better online presence, with more customers reaching out to them for their services!
